ELECTION FRAUDS.—On the last day of the session of Congress, Mr. Berrien made a Report in the Senate, from the Judiciary committee, relative to the frauds perpetrated through the Naturalization Laws at the late election. A Motion was made to print 5000 extra copies, at which the Locofocos took fire and opposed it earnestly. They tried to defeat the motion by moving to lay it upon the table, and every man of them rallied to the work, but they failed. The motion to print was carried by a vote of 21 to 22, every Locofoco Senator present. **VOTING AGAINST IT!** They do not want the people to see the evidence of the frauds they perpetrated upon the ballot box in the election of Mr. Polk."

MILLERISM.—Since the trial of Eld. Dammon at this place, the Millerites have kept up their meetings continually, in Atkinson, adjoining this town. Fourteen persons, male and female, were baptised on Sunday night last—and a number of them have been re-baptised from 4 to 6 times. Their presiding elder or leader, was formerly a sea captain, a pretty tonguery man, as we are informed, and has a family in Exeter. It is a lamentable fact that so deluded are some of them that they have neglected all kinds of business, and refuse to labor, or provide for the maintenance of their families—which are liable eventually, to become a town charge, unless the Selectmen in their wisdom, immediately interfere.

Washington, March 12.

Among the nominations sent to the Senate to-day, are the following, which were returned, viz:

Col. W. H. Polk, (brother of the President) Charge of Affairs at Naples.

Mr. Jewett, of Maine, Charge of Affairs for Chili.

Alexander H. Everett, Resident Minister in China.

Mr. Parmenter, Naval Officer at Boston.

Mr. Shaler, of New York, Consul at Hong Kong.

The Senate, on the 11th inst., re-membered that only one member of the House of Representatives, at Washington, voted in favor of the Resolution, Resolving the question and in favor of the State of Alabama.

Be it also remembered, that the only Abolition member of the Senate voted in favor of Texas. Mr. Tappan of Ohio—a free State. He was elected by the Locos.

THE TEXAS QUESTION. The following from the True-Sun, is the wittiest thing that has been said on either side of the question:

Well, be it so—her people are our kin;
We'll take her, with her debt, her homes,
her altars;

As the defaulters took the Union in,
Why not the Union take in the Defaulters?

When we hear a man boasting of his love for the "dear people," we are strongly inclined to suspect him for a love of the "dear people's" offices. It reminds us of the Irishman who was about to marry a Southern girl for her property. "Will you take this woman to be your wedded wife?" "Yes, your riverence, and the niggers too."

Alexander H. Everett was nominated by Mr. Tyler as Charge to China. His nomination has been confirmed by the Senate. His salary is \$5000 per annum.

THE WHEAT CROP.—The Hagerstown Maryland Torchlight says—"The appearance at present presented by the growing crops of wheat, could not possibly, be more promising. They possess all the cheerful verdure and vigor which is usually distinguished at the close of the present month, [February] and unless retarded in growth, we may calculate upon one of the finest crops we ever had."

"LO, THE POOR INDIAN."—Our quiet village, says the Yazoo Banner of Feb. 15, was thrown into some excitement on Saturday last by eleven hundred Choctaw Indians passing through its streets, to their new home beyond the Mississippi. They were accompanied by the Government agent.

AN ESCAPE.—The Wilkesbarre Luzerne Democrat of Wednesday says—"Francis Basler, convicted of murder, and under sentence of death in Wyoming county has broken jail and made his escape. He sawed off the bars of the prison window, and left his princely lodgings early in the evening of some day last week; No trace has as yet

Miss Dona Webster penitentiary of Kentucky passed through Pittsburgh. She is reported in the city, to have said to a gentleman never an Abolitionist, that the people the very best kind of fit sentenced her, we sup agree with her in sen question. She conten know the slaves Fairba when they came to the and that there has been representation afloat c intends returning to re she says she is not in th State for her safety.
